

DAMI-PB

DEPARTMENT OF THE ARMY
OFFICE OF THE ASSISTANT CHIEF OF STAFF FOR INTELLIGENCE
WASHINGTON, D.C. 20310

20 FEB 1975

MEMORANDUM FOR: Deputy Director for Intelligence
Defense Intelligence Agency

SUBJECT: Revised DCID 1/5

1. Reference your memorandum of 5 February 1975, above subject.
2. Constraints on Army Staff manpower authorizations preclude provision of additional Army spaces to the Strategic Warning Staff.
3. It is noted that on 1 January 1972, five Army spaces (1 officer, 3 EM, one GS-14 Civilian) supporting the National Indications Center were transferred from OACSI/DA to DIA. The action was directed by Program Budget Decision 156 of 30 November 1971. This significant manpower commitment already made by the Army to the National Indications Center should be applied to the manning of the Strategic Warning Staff.
4. I recommend that you establish the required positions against current DIA authorizations for Army personnel and submit requisitions for normal tours through established channels. If it is necessary to limit tours to one year, I recommend that qualified specialists among personnel assigned to DIA be rotated in the Strategic Warning Staff positions.
5. The position currently established for the Army representative to the National Indications Center will be continued as my liaison to the Strategic Warning Staff.

A handwritten signature in black ink, appearing to read "Harold R. Aaron", is positioned above the typed name and title.
